OPEN DATA NEXT STEPS

WHY?
WHAT?
HOW?
WHO?

Brett Roper
Swedish Environmental
Protection Agency (SEPA)

Why 'Next Steps' – Is data so important?

Environmental goals and data driven innovation

- **Producing Open Data releases Data-driven innovation**
- **Managing Data effectively creates possibilities for external actors to become involved**
- **Huge potential for using Data-driven innovation for the Environment**

**The Swedish Environmental Protection Agency on

Why 'Next Steps' – Is data so important?

- 90% of the data (currently in the world) was created in the last two years.
- 2014 - 204 million emails every minute and Google reported 4 million search queries every minute.
- Global data is predicted to grow 40% year on year for the next decade!

What 'Next Steps'?

Perspectives on Open Data

Due to a different political system, the UK has a different perspective and a different approach!

- UK created a Transparency Agency and Government Digital Services organization
- *1 website for all agencies*
<https://www.gov.uk/>
- *1 website for all Open Data*

How will the 'Next Steps' idea work?

Data Management

How - The 'Next Steps' idea

1) Use the DMMM self-assessment to benchmark all organizations.

2) Use the breakout to gather input in each of the 7 areas of the DMMM - Infrastructure, tools, processes etc? What have we got? What do we need? Can we use the DMMM model?

3) What are the 'Next Steps' and Who owns them?
- Panel questions and discussion

Who will take the 'Next Steps'?

Can we formulate them together?
